Dear All

The Chief Minister is very annoyed about today's P2 article in the Canberra Times - much of the information he was hearing about for the first time. - SEE (A)

He is seeking urgently:

\*A detailed brief explaining the current situation with Own Place, how the so-called 'compensation' works and why he wasn't made aware of this change in the way the scheme operates in advance of reading today's article in the CT.

\*A letter to the editor attacking the reporting and the Canberra Times willingness to work together with the Lib leader in trying to talk down our housing affordability schemes. - SEE (B)

\*A media release (as above) and pointing out that Own Place remains a popular and viable scheme.

\*A half page ad for Saturday's paper (draft today please) booked in Early General News which points out the merits of both Own Place and Land Rent. - SEE (C)

The Chief Minister will call the editor and seek a story published which is accurate.

Shane at LDA has started on the brief and I've asked that he begin preparations of the ad.

Shane can you also have a first hit at the letter to the editor.

Ian/Pen, can you work together on the media release.

Can we aim to have all drafts in by say 11am for CM to review?

Thanks

Jeremy
